

DRILL SET PROMOTION

CHOOSE BETWEEN NITRO JOBBERS, NITRO MECHANIC'S, OR 450T JOBBERS

Get a Free Camo Knife with every drill set purchased!

The knife features the essentials - an assisted opening pocket knife and bottle opener. The sleek design includes a camouflage anodized aluminum handle and 2.375" black coated blade. Bring this knife everywhere with you as it fits comfortably in your pocket and includes a pocket clip. This is the perfect everyday carry pocket knife for those who prefer tactical knife features and an appreciation for the outdoors.

NITRO JOBBER AND MECHANIC'S LENGTH DRILLS

- Nitro drills offer superior performance over conventional drills
- Heavy-duty construction for increased tool life and performance
- 135° Split Point reduces walking at the drill point and makes these drills ideal for both hand held and CNC Operations
- Black & Gold Nitride surface treatment adds a hard, protective layer to the drill increasing tool life
- Usable in a wide range of materials including difficult to drill materials such as stainless steel
- Mechanic's length Nitro drills have 3-flat shanks to reduce slippage in the drill chuck

450T TIN TIPPED JOBBER DRILLS

- Precision Ground M2 High Speed Steel
- Wear Resistant Ceramic PVD Coating Allows Faster Operating Speeds and Increased Heat Resistance
- Bright Flutes Reduce Galling (Clogging) When Drilling Aluminum and Other Non-Ferrous Materials
- Self-centring Split Point Minimizes Drill 'Walking' and Reduces Thrust
- Suitable For Precise Drilling In All Ferrous AND Non-Ferrous Materials, including Stainless Steel
- Ideal For Hand-Held AND Stationary Machine Applications
